DETAILED ACTION

Drawings

The drawing objection set forth in the Office action mailed 12/17/04 is herein repeated. The proposed replacement sheet filed 08/23/05 has not been approved since it does not contain figure 2. Note original sheet 2 of the drawings contained figures 2 and 3. The replacement sheet should also contain figures 2 and 3 or each of figures 2 and 3 should be submitted on separate replacement sheets. Further the replacement sheet filed 08/23/05 contains an extraneous bracket adjacent the Fig. 3 label which improperly appears beside instead of below the figure, i. e., the figure has been rotated 90 degrees. See the original figure 3.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 3 and 5-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 1, this claim is indefinite since it sets forth the function "for moving the vehicle body panel up and down" but fails to correlate the structure to provide this result. See claim 1, line 11. Claim 4 correct this deficiency.

Conclusion

Claims 4 and 5 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 9 and 10 are allowed.

Applicant's arguments have been carefully considered but are not deemed persuasive. While 112 sixth paragraph permits the use of a means plus function format 112 second paragraph requires that the claimed elements be correlated to define an operative device. The claimed structure in claim 1 must be correlated to provide the up and down movement of the clamping means.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
